MESSAGE FROM THE PRESIDENT

It gives me immense pleasure to present Ramky Foundation's Annual Report 2020-21. The countless stories of change that we witness through our programs continue to encourage us to go that extra mile. This year we have been able to bag new projects in the thrust areas of Natural Resource Management and Skill Development in collaboration with different government agencies.

During the pandemic and the lockdown situation, Ramky Foundation conducted successful COVID-19 relief activities, witnessing 23,000+ beneficiaries, around various parts of the country- included distributing materials like food, clothes, monthly ration, etc. Thus, helping the poor and the needy at these difficult times.

Our Integrated Schooling & Holistic Approach (ISHA) program that intends to provide quality education through improvised infrastructural facilities in government schools. As part of this program, RF developed and/or upgraded the infrastructure of many government schools, benefitting over 13,000 students and teachers. Under this program, states like Andhra Pradesh, Telangana, West Bengal, Karnataka, Rajasthan, Tamil Nadu, Madhya Pradesh, Maharashtra and Bihar were covered this year.

Our partnership with UNDP, pertaining to the **Plastic Waste Recycling Management Program (PWRMP)**, has been going strong since 2018, and we have been able to successfully achieve a tonnage of around 8,000 MT this year, which later got processed and recycled. Moreover, in the coming years, Ramky Foundation plans on initiating new Green Kendras at different places in India for efficient management and recycling of plastic waste in the city, simultaneously taking care of the welfare of the Rag Pickers involved in the plastic waste collection.

I would also like to extend my sincere thanks to Ramky Enviro Engineers Ltd. (REEL) for the all the CSR fund support and encouragement.

Warm regards,

Ramky Foundation over a span of decade and a half has become a center of excellence with respect to embedding technology and human services into the Non-Profit Sector. The past decade has become significant for Foundation to move towards 'Skill India'.

We recognized that the promotion of Skill & Knowledge is required to deal with real-world problems the society is facing today. Addressing the same, Ramky Foundation initiated various programmes for farmers on natural farming and developing Entrepreneurial Skills among Safai Saathis (rag pickers) in Hyderabad.

RF extends its thanks to NABARD for co-funding the implementation of the Integrated Tribal Development Projects. We have been able to successfully convert several acres of uncultivable lands into Horticulture Gardens, benefitting thousands of tribal families.

We, at Ramky Foundation, along with our partner agencies, commit our efforts to fulfil the requirements of the needy. We want to ensure for them not just a better future, but a more equal and happy world. We believe that it is only through a concerted effort that a lasting and sustainable change can be created.

I wish the RF team all strength to take this mission forward.

Best wishes,

- A. Dakshayani

- MV Rami Reddy

MESSAGE FROM THE MANAGING TRUSTEE

"Trust forms the foundation of our organization."

ORGANISATION PROFILE

Ramky Foundation, a not-for-profit organization, has been registered under the Trust Act, Andhra Pradesh, **Reg. No. 412/06-IV**. The Foundation emphasizes the credo- Towards Sustainable Growth.

Since its inception in 2006, Ramky Foundation is proactively promoting the public interest by encouraging community growth and development with the emphasis on **Five Thrust Areas - Natural resource management**, **Women empowerment**, **Health**, **Education** and **Skill Development**.

The Foundation is growing by leaps and bounds with definite strategies including successful collaborations with different government and nongovernment agencies and mobilizing additional resources to widen the interventions. Ramky Foundation has **12A** & **80G** certification.

ABOUT RAMKY FOUNDATION

MISSION

Ramky Foundation envisions being a model organization with focus on equitable, sustainable, and accessible development opportunities for the communities we serve.

VISION

Ramky Foundation will fulfill its vision through a set of interventions in the thrust areas of Natural Resource Management, Women Empowerment, Education, Health and Skill Development.

VALUES

Honesty & Integrity Equity Social Innovation Continual Improvement Transparency & Accountability

OUR GEOGRAPHICAL COVERAGE

OVERALL ACHIEVEMENTS

38,000+

people trained in various disciples, which generated employment, employability and self-employment opportunities.

2,000+

women benefitted from the formation of two Women Mutually Aided Cooperative Societies - Vennela Rural Mart and Adarsha Mutually Aided Cooperative society and their livelihoods were enhanced

28,000+

women of High Risk Groups availed preventive and care services against HIV/AIDS through Targeted Intervention Program

4,000+ tribal families benefitted from conversion of 2500 acres of uncultivable land into

horticulture gardens

6,000+

activities

60,000+

beneficiaries gained access to Pure and Safe drinking water supply through 210 community RO Plants in three states

5,000+

poor and meritorious students sponsored over 2 Crores of scholarships

600+

orphan and semi-orphan girl students have been provided with hostel support since 2010

4,000+

women achieved sustainable income generation by skill development trainings and self-employment opportunities

6,00,000+

saplings plantation in various worksites around Ramky benefitting more than **2000 families**

500+

farmer families benefitted through Dairy promotion

4,000+

rural families benefitted from nearly **500+** medical camps

families' household income improved by promoting diversified farming and off-farm

OUR ONGOINS PROJECTS

#1 NATURAL RESOURCE MANAGEMENT

TRIBAL DEVELOPMENT PROJECTS

GOAL

This is a NABARD co-funded Project. Its core objectives are comprehensive tribal development programme encompassing natural resource management in rain fed tribal areas, micro-finance initiatives, health development and women's empowerment through people's participation.

Ramky Foundation is currently implementing FOUR Integrated Tribal Development Projects (ITDPs) in Andhra Pradesh and West Bengal. 2 are ongoing in the Koyyuru mandal of Vishakhapatnam dist., AP and 2 are in West Bengal.

KEY ACHIEVEMENTS 2500

acres of uncultivable land converted into Horticulture gardens since the onset of ITDP

2700+

members Farmers Producers Organizations (FPOs) at present

150

landless people supported with alternative livelihood programmes

4000+

tribal families benefited through ITDPs so far

05

VDCs formed with 300 beneficiaries at present

06+

Lakhs of Saplings plantations since inception

Activities conducted during 2020-21:

- COVID-19 relief activities includes groceries distribution, PPE kits distribution, ration support, other essentials, etc.
- Developing Livelihood of the Tribal Families through Orchard development- includes fruit plantation, basins formation and weeding, ploughing, medicine application, manure application, irrigation, cattle trench, fencing, construction of water resources, moisture conservation, border plantation, nutritional garden, smokeless chullah, intercropping, along with trainings, exposure visits, awareness programmes and many more
- Convergence with other government departments
- Construction of 2 pump-houses with submersible pumps for ensuring efficient irrigation for the orchard development
- Organized health camps for the tribal families and vet camps for animals
- CSR Activities- in the areas Health, Education & Women Empowerment for the beneficiaries

ACCELERATED DEVELOPMENT OF MINOR IRRIGATION PROJECT (ADMIP)- WEST BENGAL

GOAL

The project is aimed at enhancing the agricultural productivity by small and marginal farmers providing adequate and reliable irrigation facilities and thus introduce multi-cropping/intercropping systems. The target is to hand-over the schemes to respective Water User Associations (WUAs) to maximize the benefits of the water and thus ensuring sustainability of the project.

Ramky Foundation is currently working in 7 districts of West Bengal under this project – North 24 Parganas, South 24 Parganas, Hooghly, Paschim Medinipur & Jhargram, Purba Medinipur, Purulia.

KEY ACHIEVEMENTS 10000

lockdown

414

Water User Associations members presently

villagers supported during the

(WUAs) formed with over 29000

218465.75

Kg/ha of average production of agriculture crops, horticulture crops, fishery and vermin compost units in this FY

FARMER PRODUCER ORGANIZATION (FPO)

GOAL

The main aim of Farmer Producer Organization (FPO) is to ensure better income for the producers through an organization of their own. It incorporates farmerfriendly practices to maximize the produce. The model is designed in a way such that the producers itself are the shareholders of the organization. It is a **NABARD** initiative and it has been supporting RF in forming & promoting the FPOs.

Ramky Foundation is presently working with 7 FPOs in the states of Andhra Pradesh, Karnataka and West Bengal. RF has successfully introduced the multicropping systems into the practices as well.

KEY ACHIEVEMENTS 2700+ members enrolled into the **FPOs so far**

150 farmers trained in modern crop cultivation techniques this year

07 **FPOs formed**

65+

Lakh INR of funding received from NABARD since inception

INTEGRATED CROP MANAGEMENT (ICM) PRACTICES IN Banana

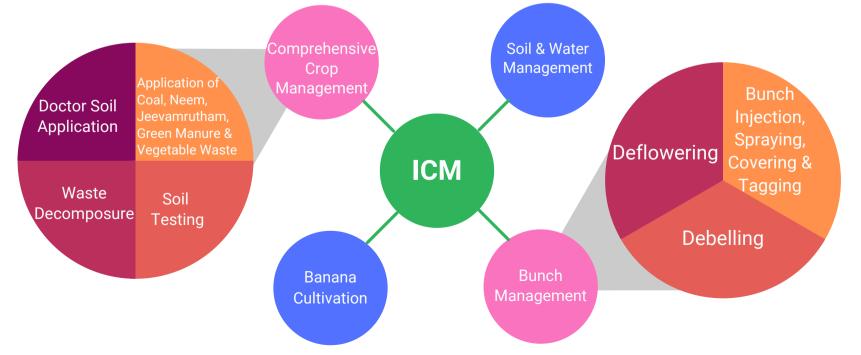

GOAL

This is a NABARD-funded project and its main aim is the introduction of Comprehensive Crop Management & Bunch Management practices to the farmers for effective utilization of resources. It also encourages the farmers to adopt environment-friendly farming practices in Banana cultivation.

Ramky Foundation has been encouraging these practices in the Mahanandi mandal, Kurnool district since March, 2020. RF has also become the first agency in the regions of Telangana and Andhra Pradesh to introduce 'Krishi Raasta'- a devise innovated for Rapid Automated Soil Testing with Agronomy advise to the farmers, which they get via updates over their phones.

KEY ACH 30 farmers have be

KEY ACHIEVEMENTS

farmers have been mobilized and underwent capacity building programs in this FY

PLASTIC WASTE RECYCLING MANAGEMENT PROGRAMME (PWRMP): A PARTNERSHIP APPROACH

GOAL

The core aim of this program is to create a socio-technical model that targets the reduction in the plastic waste generated in the environment whilst taking care of the Safai Sathis (waste pickers) involved in the business. It is an initiative by United Nations Development Programme (UNDP), which has RF as one of the implementing agencies onboard.

Ramky Foundation has been associated with UNDP since 2018 over this project and has successfully established 2 Swachhta Kendras in the states of Telangana and West Bengal.

KEY ACHIEVEMENTS 5000

MTs of Plastic Waste recycled via the SKs under RF every year

500 Safai Sathis onboarded so far 15

Self-Help Groups (SHGs) formed so far

#2 WOMEN EMPOWERMENT

VENNELA RURAL MART (VRM)

GOAL

Vennela Rural Mart (VRM), a social enterprise, is an initiative of Ramky Foundation that came into existence in October 2011 at Narasaraopeta, Guntur district, AP with a grant support of Rs. 90,000/- from NABARD, under which an outlet was established to provide services like sale of stitching material, stitching of Punjabi Dresses, blouses, etc. by the rural women taking the orders from the rural mart.

Ramky Foundation has been providing the handhold support to rural women at the mart ever since its inception, and helps support its business from time to time as well.

KEY ACHIEVEMENTS 48000

pieces of cloth items manufactured by women such as nose-masks for pandemic situation, T-shirts, shorts, track pants, cloth bags, and cotton shirts, etc. in this FY

300

women attained sustainable income through VRM so far

1200000

INR of sales made in this FY

800000

INR of corpus developed since Inception

ALTERNATIVE LIVELIHOOD OPPORTUNITIES FOR Women

GOAL

The core aim of this program is to explore and create alternative livelihood opportunities for rural and urban poor women. It was observed that the women engaged in the construction works, rag picking, etc. ran out of livelihood options when the global pandemic took over India. Thus, the Foundation came up with various ideas to help them.

Ramky Foundation implemented 'Chocolate Making Training' program targeting the Women living in the slums of Hyderabad, Telangana. This was an effort to create alternative livelihood opportunities for them. The programs got to witness a keen participation from the beneficiaries.

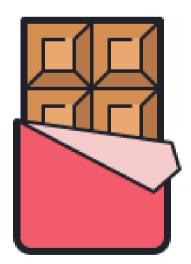

KEY ACHIEVEMENTS

63

women benefitted from alternative livelihood training programs

20000

INR of income generated for the beneficiaries out of these programs

#3 HEALTH

TARGETED INTERVENTIONS (TI)

GOAL

The main objective of the project is to decrease HIV/AIDS and STI prevalence rate through generating the awareness to Female Sex Workers (FSW's) in 26 **GHMC wards** of Hyderabad, Telangana with **3456** High Risk Group (FSW) women.

Ramky Foundation started the implementation of the TI project in January, 2011, in association with Telangana State Aids control Society (TSACS). RF has created a significant impact in the lives of the beneficiaries under this project. RF interventions helped minimize the risk of infections, which was prevalent earlier among the beneficiaries.

KEY ACHIEVEMENTS 3456 HRG women referred to ICTC and got tested for HIV and Syphilis

this year

227415

free condoms distributed to HRG women this year

34481

counselling sessions conducted for the HRG women this FY

89

awareness camps/events conducted in 26 wards of Hyderabad, Telangana this FY

COVID-19 RELIEF ACTIVITIES

GOAL

The unexpected and unforeseen crisis affected the lives of millions of people across the country. The main objective of these activities was to reach out to the vulnerable communities and frontline workers by distribution of essentials.

Ramky Foundation carried out activities, such as, distribution of essential groceries to the needy families severely affected by lockdown, providing safety gears to Municipal workers working in Municipalities, distribution of ready-toeat food to the migrant laborers , distribution of essentials to the Frontline workers.

RF also launched COVID-19 Help Desk this year to provide information related to procurement of Oxygen cylinders, hospital beds, online doctor consultations, etc. in assn. with HUM Helpline.

KEY ACHIEVEMENTS

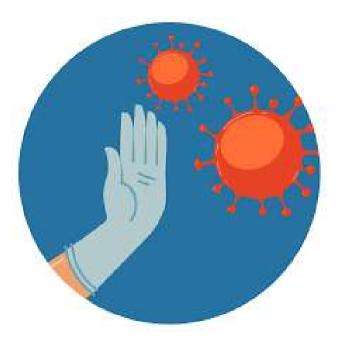

23510

families benefitted from the **COVID-19 relief activities**

13

states across the nation were covered under these activities

#4 EDUCATION

INTEGRATED SCHOOLING AND HOLISTIC APPROACH **PROGRAM (ISHA)**

GOAL

RF has been strengthening education under ISHA Program. It facilitates the distribution of books, providing smart classes, providing/upgrading the infrastructure facilities, scholarships distribution, health check-ups, etc. to the needy students.

Ramky Foundation had come up with Integrated Schooling & Holistic Approach (ISHA) program that intends to provide quality education through improvised infrastructural facilities in government schools. It also witnessed construction of digital labs for students this year.

13195 under ISHA in this FY

02+

KEY ACHIEVEMENTS

students and teachers benefitted from renovation & upgradation of school buildings

Crores INR of scholarships distributed to students since inception

#5 SKILL DEVELOPMENT

IMPARTING SKILL

GOAL

Our approach is to develop skills among women and youth whilst partnerships with multiple stakeholders and build long-term associations. To scale up efforts necessary to achieve the objective of skilling/up-skilling people, RF strives to a) develop low cost, high-quality training with innovative business models **b**) attract significant linkages which enable the long-term development.

Ramky Foundation facilitated training to rural people in order to explore alternative livelihood opportunities for them. RF also inaugurated 3 Skill **Development Centers this year in association with DDU-GKY.**

150

beneficiaries, consisting of urban poor women and unemployed youth were imparted skill training programs in this FY

40000+

unemployed youth and women benefited from 450+ training programs organized since inception

KEY ACHIEVEMENTS

SITE-SPECIFIC ACTIVITIES

GOAL

Apart from the interventions in the mentioned 5 Thrust Areas, Ramky Foundation also conducts CSR activities nearby its major sites depending on the needs identified during the baseline survey. It is to be done for the welfare of the communities living in that targeted area.

Ramky Foundation's interventions are holistic, and this year the beneficiary count was observed to be over 1 Lakh. Through its several CSR activities, it not only has supported the individuals in their most difficult times, it also has driven entire communities to lead a self-sufficient life.

KEY ACHIEVEMENTS 2020-21

64769

beneficiaries in the Health interventions including COVID-19 relief activities

13141

beneficiaries in the Education interventions

2958

beneficiaries in the Women **Empowerment interventions**

11270

families benefitted from the **Natural Resource Management** interventions

150 beneficiaries underwent Skill **Development Training Sessions**

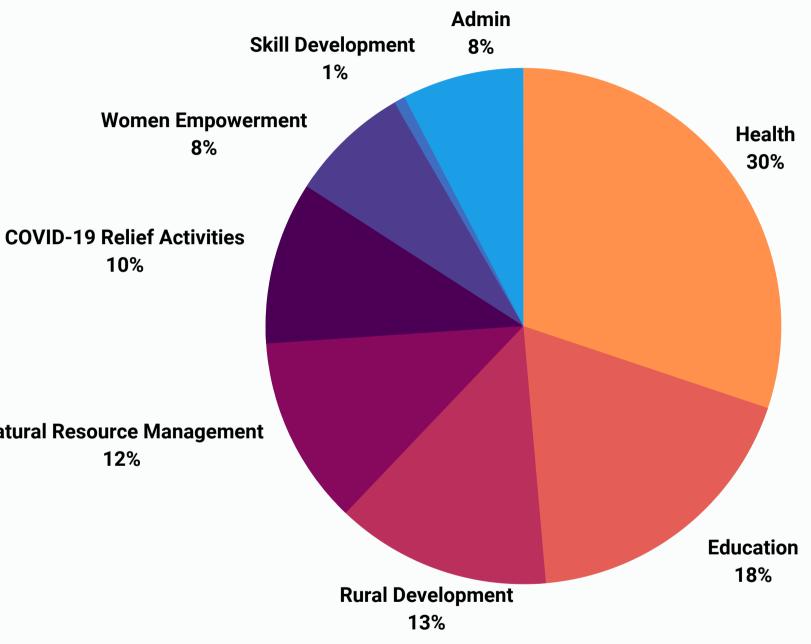

13140

benefitted from the Rural **Development interventions**
