MANAGING TRUSTEE'S MESSAGE

"Empowering communities is not just our mission—it is our responsibility. Every life we touch strengthens the foundation of a more equitable India."

Dear Friends and Partners,

FY 2025–26 has been a year of growth, collaboration, and impactful community engagement. Guided by our mission, Ramky Foundation continued to strengthen Natural Resource Management, healthcare, education, skill development, and Women Empowerment across the country.

As we celebrate our 20-year journey, we remain focused on building resilient, self-reliant communities through innovation, strategic partnerships, and sustainable development initiatives. We are committed to expanding our impact and delivering lasting value to the communities we serve.

I extend my heartfelt gratitude to our CSR partners, government agencies, field teams, and community members for their unwavering support. Together, we will continue building a more inclusive, resilient, and sustainable future.

Alla Dakshayani
Managing Trustee

PRESIDENT'S MESSAGE

"Our commitment to community development remains unwavering. Together, we continue to build bridges of opportunity."

Dear Friends, Partners, and Well-Wishers,

As we celebrate 20 years of Ramky Foundation, I am pleased to present our Annual Report for FY 2025–26, reflecting another year of meaningful progress and impact.

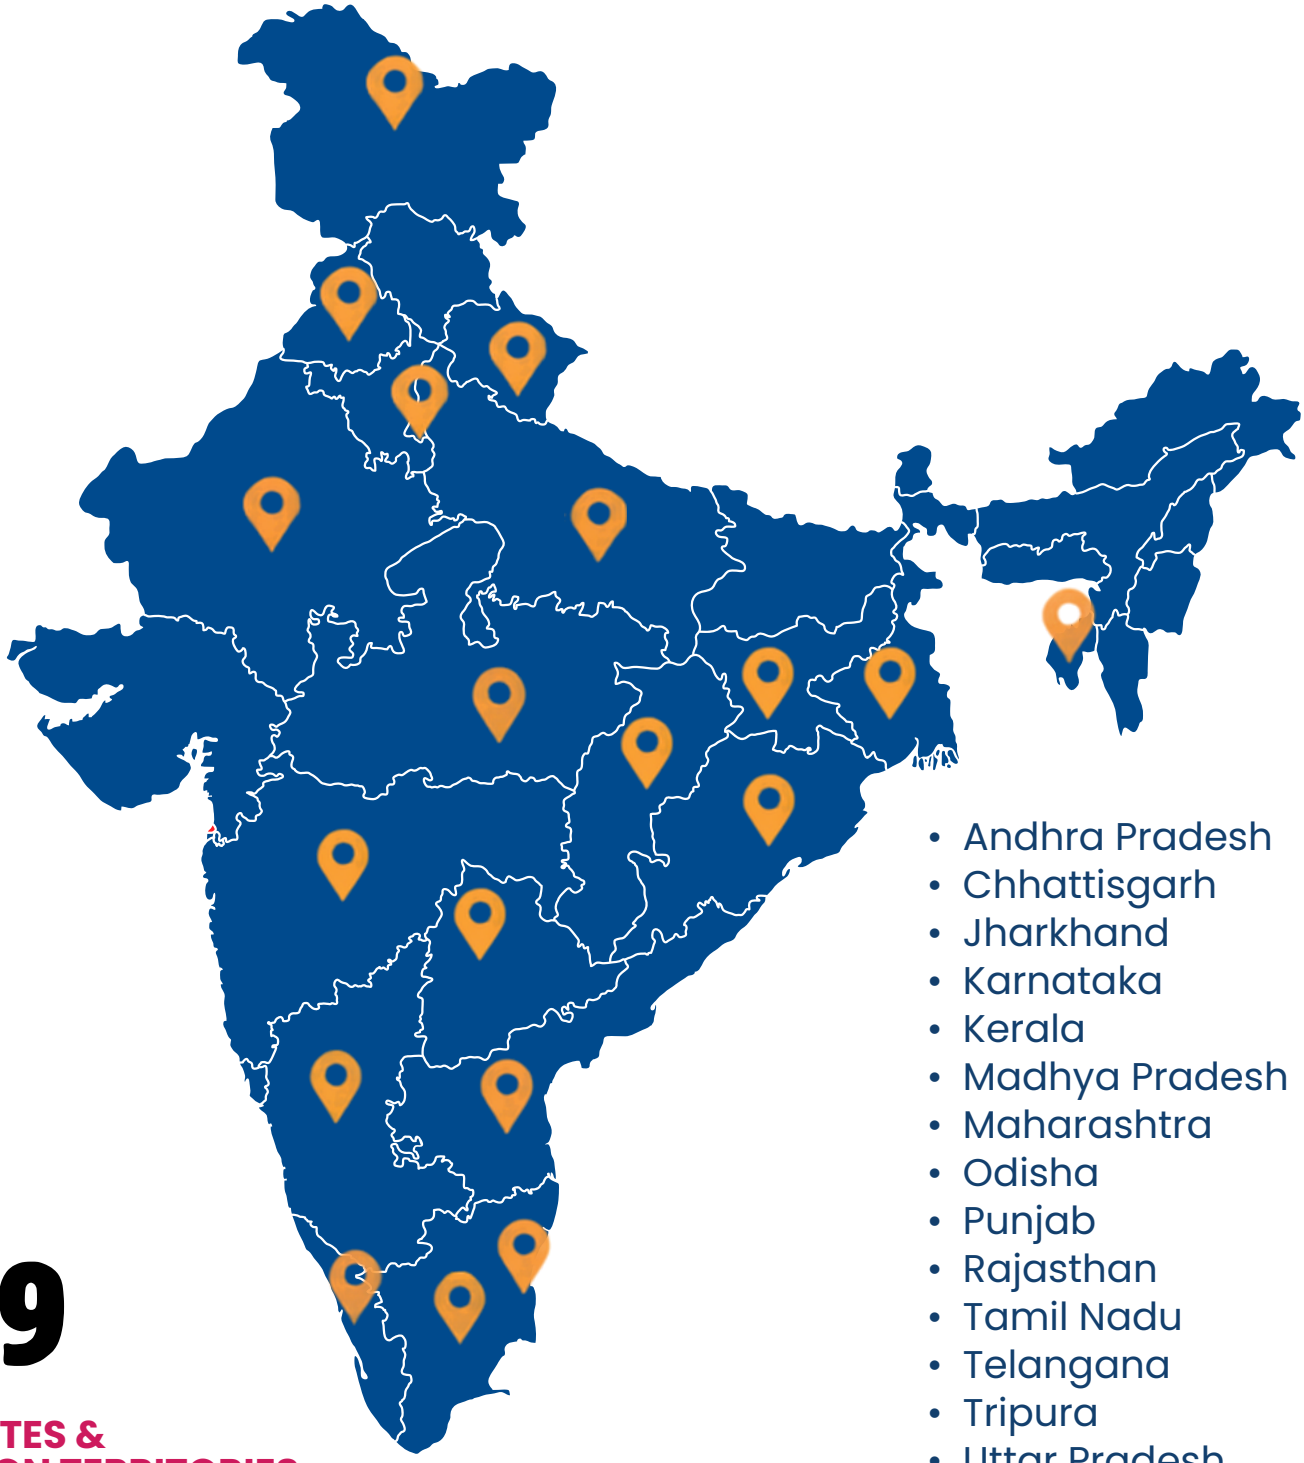

During the year, our initiatives reached communities across 19 states, positively impacting over 470,000 beneficiaries through healthcare, education, livelihoods, women's empowerment, and rural development. This progress has been made possible through the continued support and collaboration of our CSR partners, government agencies, teams, and communities.

Looking ahead, we remain committed to expanding our reach, strengthening sustainable waste management and circular economy initiatives, and driving innovative solutions aligned with the vision of Viksit Bharat 2047.

I sincerely thank all our partners and stakeholders for their continued trust and support. Together, we will continue to empower communities and transform lives.

MV Rami Reddy

KEY PROJECTS

INTEGRATED TRANSFORMATION

A Holistic Rural Development Program

30+	80,000+	2
Villages Transformed	Lives Impacted	States Covered

Ramky Foundation is implementing two prestigious Holistic Rural Development Program (HRDP) projects in the states of Telangana and Tripura with the support of HDFC Bank under its CSR initiative. The program focuses on improving the quality of life of rural and vulnerable communities through integrated interventions in livelihoods, education, infrastructure, water access, women empowerment, and sustainable community development.

The program is being implemented in 20 villages under Narwa Block of Narayanpet district in Telangana and 10 villages under Jirania and Belbari Blocks of West Tripura district. The villages were identified based on community needs, field assessments, and consultations with local stakeholders.

"This initiative has brought positive changes to our village. The solar lights, kitchen gardens and a bamboo enterprise have improved our lives and created livelihood opportunities for women. As a CDC member, I am proud to see our village progressing and hope such initiatives continue in the future."

–Sangita Debnath, CDC Member, Uttar Majhlishpur Gram Panchayat

KEY FOCUS AREAS

- Livelihoods & Economic Empowerment
- Education & Child Development
- Water, Sanitation & Community Infrastructure
- Women Empowerment & Social Inclusion
- Health, Nutrition & Well-being
- Environment & Sustainable Rural Development

IMPACT

The HRDP program has significantly improved the quality of life in rural communities across Telangana and West Tripura through enhanced income opportunities, strengthened agricultural practices, improved access to safe drinking water, and created better learning environments for children. Women and vulnerable communities became more self-reliant through livelihood and capacity-building activities. Through active community participation and sustainable development approaches, the program has contributed to building resilient, empowered, and inclusive rural communities.

KEY ACTIVITIES IN TELANGANA

- Solar Street Light Installations-122
- Community Pond Renovations-2
- Village Waste Management Systems-15
- Water ATM Installations-7
- Smart School Facilities (Parivartan Shala)-4
- Women-led Micro Enterprises & Digital Literacy Programs-6

KEY ACTIVITIES IN TRIPURA

- Kitchen Garden Initiatives-120
- Piggery Development Programs-10
- Goat Farming Support-25
- Horticulture Development (Mango, Lemon & Apple Ber)-50
- School & Anganwadi Infrastructure Development with Smart Classroom Facilities-4
- Bamboo Craft Enterprises -60

EMPOWERING COMMUNITIES

Tribal Development Projects

Overview

The Tribal Development Projects, implemented by Ramky Foundation in partnership with NABARD (National Bank for Agriculture and Rural Development), aim to enhance the livelihoods of tribal communities through sustainable orchard-based farming and integrated natural resource management. The program adopts a holistic approach by combining horticulture development with water conservation, soil management, livelihood diversification, and community capacity building.

In FY 2025–2026, the program continued to strengthen wadi/orchard development through horticulture plantations/high-value plants, irrigation infrastructure, soil and moisture conservation measures, and climate-resilient farming practices. Livelihood support for landless families, women empowerment initiatives, farmer capacity-building programs, and convergence with government departments further contributed to building resilient and self-reliant tribal communities across the project areas.

30+
Tribal villages and hamlets

2,200
Acres of barren land to productive orchards

2,500
Benifited tribal and rural households

KEY INTERVENTIONS

Orchard (WADI) Development:
Planted mango, cashew, guava, and lemon orchards on degraded lands to create sustainable livelihood opportunities.

Water Resource Development:
Developed borewells, farm ponds, check dams, solar pump systems, and drip irrigation to improve water availability and irrigation.

Soil & Moisture Conservation:
Implemented bunding, trenching, land levelling, mulching, and other conservation measures to enhance soil health and reduce erosion.

Climate-Resilient Agriculture:
Promoted climate-smart farming practices, renewable energy solutions, and weather-based advisory systems to strengthen agricultural resilience.

Livelihood Diversification:
Supported landless and vulnerable households through goat rearing, poultry, livestock development, and rural micro-enterprises.

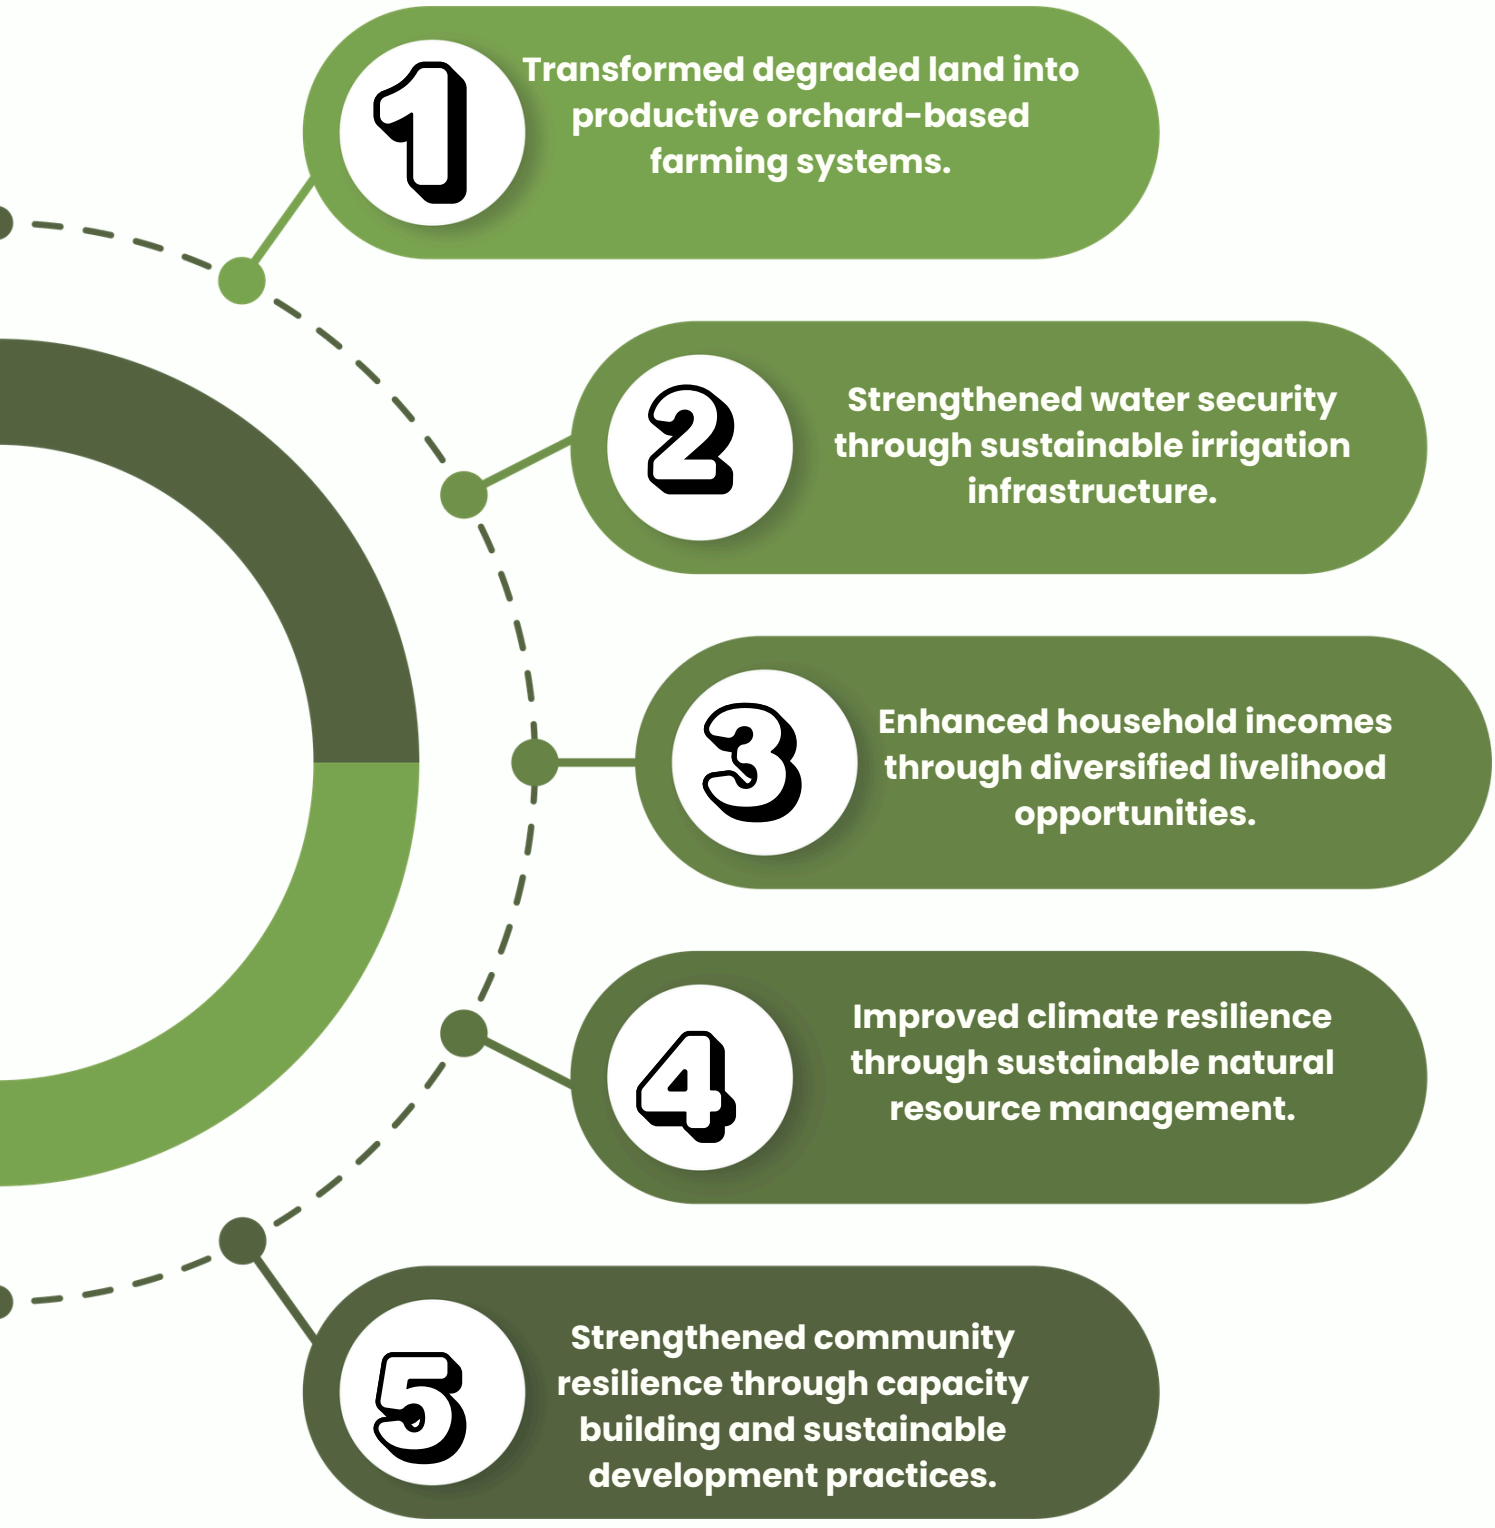

Capacity Building & Farmer Training:
Conducted training programs, demonstrations, and exposure visits to improve farmers' technical knowledge and farming practices.

.

Women Empowerment & Nutrition:
Organised nutrition awareness programs and encouraged women's participation in livelihood activities and community institutions.

Convergence & Community Institution Building:
Strengthened Village Development Committees (VDCs) and leveraged government schemes to enhance project sustainability and community ownership.

BUILDING
RESILIENT COMMUNITIES

Cultivating Change

Harvesting Success

Biswanath Orang, a tribal farmer from Patharkata Village, Manbazar-I Block ,West Bengal, transformed his barren laterite land into a productive Himsagar mango orchard with support from the Tribal Development Fund (TDF) program. In FY 2025-26, he harvested his first crop of 3 quintals, earning ₹18,000, with a projected seasonal income of ₹42,000. His journey reflects how sustainable orchard development is creating happy livelihoods and long-term economic opportunities for tribal farming families.

Mobile Medical Camps	Beneficiaries	Diagnostic Tests

The Mobile Medical Unit (MMU) / Medical Care Unit (MCU) program is a flagship healthcare outreach initiative designed to deliver accessible, affordable, and quality primary healthcare services to rural, remote, and underserved communities across India using 20 Units. Supported by CSR partners including Ramky Group, HDFC Bank Parivartan, SBI Foundation, Re Sustainability and other corporate donors, the program brings healthcare directly to the doorsteps of vulnerable populations through mobile medical camps, diagnostic services, health awareness programs, specialised healthcare interventions, and referral support. By addressing healthcare gaps and promoting preventive healthcare practices, the program enhances community well-being, improves health outcomes, and ensures equitable access to essential healthcare services for all.

Education Technical Intiatives

4	75	35
States covered	Digital classrooms	Smart schools

KEY ACTIVITIES

1. AR/VR Smart Learning Labs were established in two government schools in Tamil Nadu, providing immersive and experiential learning practices that make complex concepts engaging and easy to understand.
2. Smart Schools Initiative Implemented in Telangana and Tripura, integrating modern digital learning tools and upgraded school infrastructure to create interactive, student-centric learning environments.
3. Smart Panel Installation in educational institutions in Tripura, Karnataka and Tamilnadu creating technology-enabled classrooms and enhancing the delivery of quality education.
4. Digital Smart Panels installed in Government Junior Colleges in Telangana, supporting teachers with interactive teaching tools and improving student engagement and learning outcomes.

OBJECTIVES

- Strengthen digital learning infrastructure in government schools and colleges.
- Enhance classroom engagement through technology-enabled experiential learning.
- Improve access to quality education for students in underserved communities.
- Empower teachers with innovative digital teaching tools and resources.
- Bridge the digital divide by promoting equitable access to modern educational technology.
- Foster critical thinking, creativity, and 21st-century learning skills among students.

During FY 2025–26, Ramky Foundation strengthened digital learning by creating technology-enabled classrooms that enhanced student engagement and made learning more interactive and experiential. The initiatives empowered teachers with modern teaching tools, improved digital literacy, and fostered better conceptual understanding among students, contributing to equitable access to quality education and future-ready learning environments.

BUILDING CAPACITIES, CREATING OPPORTUNITIES

A Skill Development Initiative

OVERVIEW 2025-26

Ramky Foundation implemented the Skill Development Training & Placement programs across multiple locations in Karnataka, Andhra Pradesh, Telangana, Punjab, Gujarat, and Jammu & Kashmir with support from HDFC Parivartan and Ramky Infrastructure Limited. The program focused on empowering unemployed youth through industry-oriented vocational training, practical exposure, digital literacy, soft skills, and placement support.

Our skill development programs equip youth and women with market-relevant skills, enabling sustainable livelihoods and economic independence.

EMPOWERING LIVES, RESTORING DIGNITY

Project Jeevika

Project Jeevika is a livelihood restoration initiative of Ramky Foundation, implemented in alignment with the Targeted Intervention (TI) Project to empower women engaged in high-risk occupations to transition towards sustainable and dignified livelihoods. The project complements HIV prevention and care efforts by promoting economic rehabilitation through skill assessment, entrepreneurship development, financial assistance, and continuous mentoring. By enabling beneficiaries to establish sustainable micro-enterprises, the initiative fosters self-reliance, restores dignity, strengthens social inclusion, and improves the overall well-being of women and their families, creating lasting socio-economic transformation.

8600
Women in HRG

85%
Behavioural Change

80+
Livelihood Support

KEY INITIATIVES OF TI PROJECT

- Targeted outreach and identification of vulnerable high-risk women group through the Targeted Intervention (TI) Project.
- HIV prevention and awareness, including behaviour change communication, condom promotion, and STI/HIV counselling.
- Linkage to healthcare services, including HIV testing, STI treatment, Antiretroviral Therapy (ART), and other government health services.
- Psychosocial counselling to build confidence, reduce stigma, and support informed decision-making.
- Alternative livelihood planning through skill assessment and identification of suitable income-generating opportunities.
- Financial assistance to establish sustainable micro-enterprises.
- Entrepreneurship development and business mentoring to ensure long-term livelihood sustainability.
- Post-establishment handholding support through regular follow-up, mentoring, and business guidance.
- Linkages with government welfare schemes and social protection programs to strengthen socio-economic security.
- Educational support for beneficiaries' children to promote long-term family well-being and break the cycle of vulnerability.

Project Jeevika has given me hope and the confidence to rebuild my life. With Ramky Foundation's support, I now have the opportunity to earn with dignity and create a better future for my children. This journey has shown me that a new beginning is always possible ”

-DEEPA (Name changed to protect identity)

With the support of Project Jeevika, I established my kirana store and gained a stable source of income. More than financial security, this opportunity has restored my confidence, dignity, and belief in a better future”

FUTURE DIRECTIONS

DRIVING CIRCULAR ECONOMY & SUSTAINABLE WASTE MANAGEMENT

Advance innovative waste management and circular economy solutions to build cleaner, greener, and resource-efficient communities.

EXPANDING HORIZONS

Expand integrated CSR initiatives across underserved regions, with a special focus on the North-Eastern States, to create sustainable community impact.

BUILDING RESILIENT & SELF-RELIANT COMMUNITIES

Cluster Development intiatives to empower women, strengthen education, healthcare, livelihoods, and women empowerment to build resilient and self-reliant communities.

COLLABORATION FOR SOCIAL IMPACT

Our Partners

THE LEADER & PEOPLE BEHIND THE MISSION

WISDOM THAT GUIDES OUR JOURNEY

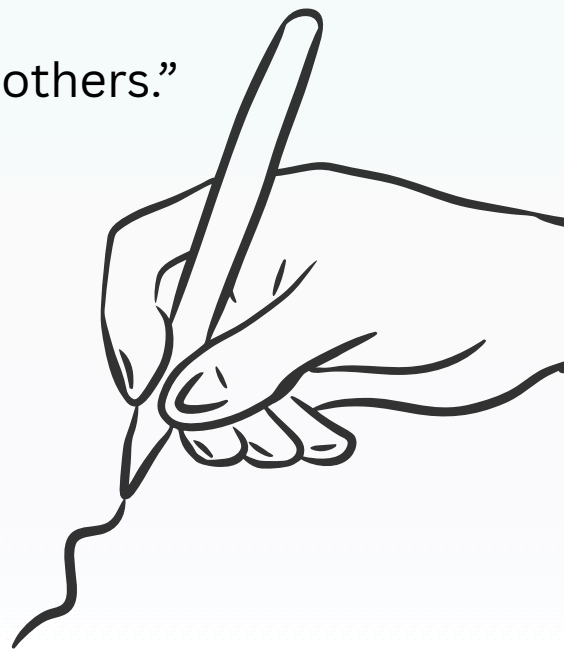

"The best way to find yourself is to lose yourself in the service of others."
— Mahatma Gandhi

“Vision without action is merely a dream. Action without vision is merely passing time. But vision with action can change the world.”
— Nelson Mandela

“Thinking leads to action. Knowledge without action is useless and irrelevant. Knowledge with action brings prosperity.”
-Dr. A.P.J. Abdul Kalam

“The happiest people I know are those who lose themselves in the service of others.”
— Gordon B. Hinckley

“They alone live who live for others.”
— Swami Vivekananda

Together, we build equitable, sustainable,
and accessible opportunities for all.
